PRESS RELEASE

CBSE Issues Guidelines on the three-language policy

- The current batch of class X will not have to follow the new language policy
- For the current batches studying in class VII, VIII and IX would not be required to give board examination in third language when they progress to Class X
- For the current batches of class VII, VIII, IX who had already taken 2 foreign languages would continue with the same with one additional native Indian Language (Bhartiya Bhasha)
- The grade appropriate resource material would be made available in a time bound manner
- Language learning will be meaningful, engaging and enriching to contribute holistic development
- The National Education Policy 2020 recommends learning three languages, with *at least two of the three languages being native to India.*

- The objective is to make language learning a **meaningful, engaging, and enriching experience** that contributes to the holistic development of every learner.
- Further, the introduction of the third language (R3) in Secondary Stage (Class IX and Class X) is an extension of language learning from the Middle Stage (Classes VI to VIII).

You can choose as your third language:

Another Bhartiya Bhasha

OR

F. In the case of parents/guardians migrating to another state, the student may continue with the existing combination of languages they opted for as R3 in Middle Stage in Class IX also. In such cases, schools must necessarily provision adequate resources to support the student's choices.

G. Human Resources (teachers): Flexible Staffing provisions have been provided. Schools are required to engage existing teachers (with functional proficiency), retired teachers, postgraduates, or use Sahodaya clusters (inter-school sharing) and virtual/hybrid teaching.

H. The Board has been taking measures to promote positive learning experiences for students, which include innovative and joyful learning resources, focus on conceptual clarity, not on rote learning, and maintaining continuous assessment practices incorporating examination reforms. The Board reiterates that these implementation guidelines are issued to align with NEP 2020 while protecting student interests. No student shall be disadvantaged due to this alignment. The focus remains on joyful, meaningful language learning, not on examination. CBSE will endeavor to hand-hold schools, in the best possible manner, through additional learning resources (as required) and capacity building in the implementation of NEP 2020. Schools are requested to communicate these provisions positively to teachers, students, and parents, emphasizing the long-term benefits of multilingual proficiency and cultural rootedness.
