

**Mother's Day Celebration
Poem Recitation Activity
CLASSES: I and II**

“A mother’s happiness is like a beacon, lighting up the future but reflected also on the past in the guise of fond memories.” —Honore de Balzac

Dear Parents,

As Mother's Day approaches, we are reminded of the profound impact mothers have on our lives - their love, wisdom, and enduring strength illuminate our paths, both in the present and through cherished memories of the past.

In honour of these extraordinary women, we are delighted to announce a special event: a **“Poem Recitation Activity”** at GDGB on **Thursday, May 7, 2026**, for Grades I and II.

We invite all students who wish to participate to prepare a poem expressing their gratitude and emotions for their mothers. Kindly ensure that the poem does not exceed 2 minutes. Let us come together to celebrate the invaluable role of mothers and convey our love and appreciation through the art of poetry.

We eagerly look forward to your enthusiastic participation.

Regards
Team GDGB
