Introduction of ABACUS/ROBOTICS

Session 2026-2027

Classes: III to V

Dear Parent,

Greetings!

“Hands-on experience is the best way to learn about all the interdisciplinary aspects.”

To lay the cornerstone of a future built on Mathematical fluency, critical thinking and technological innovation, G. D. Goenka Public School, Bahadurgarh, is introducing Abacus for students of Classes

III-V in the upcoming academic session. It will be a discretionary choice, i.e., optional for the students to choose either Abacus or Robotics. It is compulsory to choose anyone.

We encourage you to support your child’s learning journey by ensuring their engagement in learning this new calculation tool. Together, we can empower our students to excel academically and thrive in an ever-evolving world. Kindly provide your consent to the class teacher of your ward at the earliest by April 09, 2026.

Regards

Team GDGB
