We are pleased to share an exciting new milestone - **G D Goenka Public School, Bahadurgarh** will be commencing a **Day Boarding Facility from the Academic Session 2026–27**.

Designed to strengthen academic excellence with structure and stability, our Day Boarding programme is far more than an extended stay. It is a **well-planned, supervised learning environment** where students experience the perfect blend of **discipline, comfort, care and productivity**.

With **guided study hours, dedicated academic mentoring and a routine aligned with exam preparedness**, students receive consistent support that enhances focus, confidence and performance. The facility includes **well-maintained spaces, nutritious meals and attentive pastoral care**, ensuring that every learner feels secure, energized and fully supported throughout the day.

This programme is especially beneficial for **working parents**, offering **reassurance** that their child is **guided, supported, and progressing confidently** each day. It is equally ideal for students who thrive in a **focused, distraction-free environment**. Our Day Boarding **nurtures independence** along with **accountability, empowering** students to excel not only in examinations but also in **higher education and life beyond school**.
